IKAM Benchmark Case Spec (idea.md)

Identity

- Case ID: m-healthcare-clinic-v01
- Business name: Mesa Ridge Urgent & Primary Care
- Industry / domain: Healthcare clinic group (urgent care + primary care)
- Business model: Insurance billing + self-pay + small employer contracts
- Locations / operating region: Denver, CO (3 clinics)
- Size tier: m
- Org maturity: emerging; some policy docs, lots of local variation

High-level description

- One-liner: Three clinics with shared billing and uneven operational consistency.

Operating model

- Functions:
  - Clinic ops
  - Billing
  - Compliance/privacy (light)
  - HR
  - Finance
- Key roles:
  - Dr. Sofia Kim — Medical Director
  - Ryan Patel — Ops Manager
  - Elise Grant — Billing Lead
  - Tasha Nguyen — HR/Office Manager

Chaos profile (new pick; tracked)

- Overall chaos level (1–5): **2**
- Rationale: fewer sites than XL network; drift exists but bounded.
- Where chaos lives:
  - ☒ no-show definition drift
  - ☒ training tracking inconsistencies
  - ☐ massive version sprawl (limited)
  - ☒ shadow spreadsheets (staffing)

Intentional contradictions

- Light/moderate:
  - No-show: ops excludes late cancels; site managers include.
  - Collections: billing tracker differs from finance summary by a few points.

Folders: - assets/images/logos/ - assets/images/people/ - assets/images/clinics/ - assets/images/diagrams/ - assets/images/social/

Metadata: - assets/images/prompts.jsonl

Targets (exact): - logos: 6 - people: 18 - clinics: 8 - diagrams: 10 - social: 6

Word documents (.docx)

- ops-report-2026-01.docx

Timeline of significant events

- 2024-05: Third clinic opened.
- 2025-09: Billing workflow change; denials briefly spike.
- 2026-01: Ops updates no-show process; sites interpret differently.

Benchmark goals (IKAM)

- Queries:
    1) “What is the no-show rate and why does it differ?”
    2) “What are the top denial reasons and owners?”
    3) “What is privacy training completion and who is missing?”
